

Systems-Centered Training York UK

14/15-19 September 2025

Priory Street Centre, 15 Priory Street, York YO1 6ET

Five training tracks to choose from

<i>For those new and curious about SCT®, as well as those with previous SCT experience</i>		
<p>Foundation <i>Ray Haddock & Lotte Paans with Ros Wood</i></p> <p>The group will learn about the fundamentals of SCT theory, practise skills and work as an experiential group.</p> <p>Please assess yourself to ensure this is a good time for you to participate in an experiential training.</p> <p>We'll use Functional Subgrouping to explore differences instead of ignoring, converting or scapegoating them.</p>	<p>Making Work Roles Work (for us and our organisations) <i>Rowena Davis with Janneke Maas</i></p> <p>This interactive, experiential workshop is for those curious to explore their energy and goals for their work roles. We'll deepen our understanding of how system dynamics affect us all and how we can influence them - both within our learning system and at work using participants' real-world cases.</p> <p>The workshop evolves each year, ensuring fresh insights and experiences for all participants.</p>	
<i>For members of SCTRI who have met prior training goals in SCT</i>		
You must apply and be accepted before registering for Intermediate Courses		
<i>You have met the learning goals for foundation training</i>	<i>You have completed Intermediate Skills or beyond</i>	
<p>Intermediate Skills Training <i>Juliet Koprowska with Berry Trip</i></p> <p>In this intensive training we'll deepen our understanding of a Theory of Living Human Systems that underpins the SCT protocols, and practise applying them with others. The training includes videotaped skills practice and review.</p> <p>Before registering, contact Juliet Koprowska juliet.koprowska@sctuk.org for an application form.</p> <p>Applications due by 6 July 2025</p>	<p>Intermediate Leadership Development: Mentor Training <i>Annie MacIver with Patricia Aerts</i></p> <p>This training builds on learning from Intermediate Skills Training, enhances the capacity to contextualise and take up one's functional role. It increases understanding of the Person-as-a-System map, identifying driving and restraining forces in taking up leadership and followership mentor roles.</p> <p>It also begins the process of assessing readiness to join the next Authority Issue Group.</p> <p>Before registering, contact annie.maciver2@icloud.com</p> <p>Applications due by 6 July 2025</p>	<p>Container Training <i>Erika Ekedal</i></p> <p>A step towards SCT leadership. Work in Container Role to find resonance with all subgroups and system levels. Explore when and how to join authentically to support the group in different phases of development, in line with the leader interventions.</p> <p>Observe the impact of interventions on members, subgroups and group as a whole. Containers join Foundation Group experiential sessions and meet in their own group to process experiences and observations.</p> <p>Before registering, contact Erika Ekedal e.ekedal@gmail.com</p> <p>Applications due by 30 June 2025</p>
